

Teaching the Word of God with simplicity and understanding is the goal of Pastors James and Christie Bryant. They believe the Bible is the written and inspired Word of God. Their mission is to invoke change in the lives of people across the globe. Further, their desire and vision is for all to hear the Word and gain understanding of God's love and promises. With this global vision, James Bryant Ministries (JBM) functions as the helm outreach for Life Changers Church International.
